Dear Recruitment team,

I hope your day is going well! My name is **Mohamed Hafez Abdallah**, and I'm a **web developer** at **Drupia** for web solutions.

I am very interested in working for **Your Company**.

A little about me, I create a web application depended on TEData's web service to handle between TEData customers and technicians overall Egypt, and some projects here.

I am always ensure get the best quality in coding possible. To be able to maintain usability my code and keep my self up with the forever evolving technology.

I firmly believe that my knowledge and experience gained as an experienced Web Developer will add value to this position and ultimately to **Your Company**.

I think these experiences would make me [may be :) ] a great candidate for you.

Please let me know if there's anything else you need from me. I look forward to hearing from you!

Best regards,

---

**Mohamed Hafez Abdallah**

88, El Sherouk city, Cairo, Egypt
